

Burgh and Tuttington Parish Council

Coronavirus – Community Action

Dear Resident,

In line with other local communities, your Parish Council has put together a system for aiding those of us in the village that will need to stay at home because of the virus, or indeed other emergency. We have a co-ordinator for each village and volunteers on standby to help with collection of essential groceries, prescriptions and other items urgently needed.

If you need our help, in the first instance please call or e-mail one of the following, who will then arrange for a volunteer to help with your request:
